

# Automatic Self-Adjusting Glide Your Permanent Solution to Wobbly Tables

Forget manual adjustments! These glides use a table's own weight to level and stabilize your tables. They automatically adjust, and re-adjust to uneven floor surfaces even after a table is moved!!!

Features a double spring-and-cam design with a super-tough nylon body construction.

Stem Size: 1/4-20 x 3/4"  
Base Diameter: 1-5/16"  
Max. Adjustment: 3/16"

#10-4

**Stop using costly coasters, sugar packets, utensils, etc., as a short-term "fix" for your wobbly tables. Call Aarch Caster today!!!**
